Corrigendum-VI to RFP No. NPCIL/BSR-220MWe/2024/01

Ref.: CMM/BSR/2024/01

Date: 23 JUN 2025

To,

All the Concerned Users

Dear Sirs,

Sub: RFP No. NPCIL/BSR-220MWe/2024/01 for Request for Proposal from Indian Users for 220 MWe PHWR Bharat Small Reactors (BSRs) In Brown/Green field sites offered by INDUSTRIES (For consumption of electricity for their own use)

This has reference to the subject Request for Proposal. While there has been overwhelming response to the RFP and few industrial houses have already engaged actively with NPCIL for pursuing the BSR model, by signing the NDA and collecting the detailed information about the BSR (technical and about economic viability) and have already started working jointly with NPCIL for further activities related thereto, there have also been requests from many more industrial houses/industries who have expressed keenness to implement the BSR(s) for achieving their targets for decarbonising their power consumption, and have requested NPCIL to extend the date for proposal submission. Therefore, keeping in mind the objective of the entire exercise, which is aimed at enabling the country to achieve the Net Zero targets set up by the Government of India, the date of proposal submission is extended on request by prospective partners in the process. The following revision in the subject Request for Proposal (RFP) have been carried out:

- Proposal due date and date of opening of proposals have been rescheduled as per details given below:

Sl. No.	Event Description	Existing	To be read as
1.	Proposal Due Date	Upto 30/06/2025, 11:00 Hrs	Upto 30/09/2025, 11:00 Hrs
